AND EXPERIENCES OVER FOUR DAYS

REAF.COM.AU

THURSDAY 9 MAY

Welcome to the 2024 Red Earth Arts Festival, a four-day festival celebrating the arts in Karratha

We are delighted to be able to provide you with another excellent festival of fun and entertainment at the Red Earth Arts Festival.

This standout festival has continued to grow from strength to strength since its launch in 2010, providing our region with a unique cultural celebration.

Each year, the Red Earth Arts Festival offers our community and the North West a fantastic opportunity to celebrate art in its many forms, and we are delighted to continue to offer an excellent program of arts and community events.

The City of Karratha is committed to developing and enhancing arts and culture in Karratha and REAF is one

of our greatest examples of Council's ongoing efforts to provide our community with a suite of high quality events and festivals each year.

Council acknowledges the role arts and culture has in bringing people together to enhance the liveability of our community. Our region is recognised as an artistic and creative hub and we are committed to activating and expanding the arts through major events such as REAF.

A big thank you to our principal partner Rio Tinto, event partner Woodside Energy and its joint venture partners, and program partner Pilbara Ports.
